

---

“I loved it! It did “have a pretty big impact on me” [and I’ve] moved forward in ways I wouldn’t have without [the] training.”

## Reactions from Past Trainees

---

“It was great training. Every morsel that [they] gave us was very useful” The presenters are very practical. It wasn’t “so academic” but more, ‘well how am I going to use this?’ How do you take it and apply it to your situation?”

---

“An added benefit was that this [training] gives hope that change can happen and here’s how it happens; it [the training] “empowers individuals” that every bit of change makes a difference.”

---

## Continuing Education Credit

---

The BH QUERI IF Training Hub is approved for 14 hours of Continuing Education Credit through VA’s Employee Education System for the following disciplines:

- Accreditation Council for Continuing Medical Education
- American Nurses Credentialing Center
- American College of Healthcare Executive
- Accreditation Council for Pharmacy Education
- Association of Social Work Boards
- American Psychological Association
- National Board for Certified Counselors

## Anticipated Impacts

---

The BH QUERI IF Training Hub holds great promise for helping to address VA and QUERI priorities. As the evidence for impact of IF strategies in supporting implementation of EBPs and other best practices becomes increasingly robust, our IF training program continues **to prepare VA personnel to apply IF strategies in support of high priority clinical initiatives and other VA quality improvement and research efforts.**
